Optimum engine performance requires proper fuel injection, so choose PowerPacks, our set of six Detroit® Genuine Parts fuel injectors. Only Detroit® fully understands the original fuel-injector programming codes, and substandard parts just can't deliver. Incorrect codes result in poor fuel economy, incomplete combustion and burned piston domes. Trust your fuel efficiency to the experts.

DETROIT HIGH-PRESSURE FUEL PUMP

Fuel Pumps play a crucial role in meeting the energy demands of any engine. Without it, maintaining proper fuel pressure becomes impossible, leading to fuel system failures. Detroit high-pressure fuel pumps ensure a consistent fuel flow to the injectors, providing the optimal pressure needed for a safer and longer-lasting truck life.
