

# WARRANTY EXPIRED?

## PROTECT YOUR TRUCK, BUSINESS, AND FUTURE.

DETROIT®

**EXTENDED OPTIMUM™**  
USED TRUCK COVERAGE

Your used truck is your money, meaning any downtime can cost you. Uptime is the name of the game, which is why we've introduced Extended OPTIMUM™ coverage, OEM protection for trucks without a current warranty that out-covers the competition.

Let's keep your rig running...until the job is done.

- Extended OPTIMUM helps improve uptime, because repair work is pre-approved (no delays waiting for approvals to diagnose and repair). Certified Freightliner®, Western Star®, and Detroit® technicians get your truck back on the road sooner.
- Coverage is administered by the manufacturer of your truck—the Pros who know how hard you work your truck and which components and systems most need protection.
- Unlike third-party warranties, Extended OPTIMUM has no caps, no deductibles, and no aggregate limits. You spend less on out-of-pocket expenses over the long run.
- Both parts and labor are covered.

**CHOOSE ENGINE OR CHASSIS ONLY, BUNDLED, OR OTHER  
STANDALONE COVERAGES.**

## WHAT IS IT?

Extended OPTIMUM coverages are newly offered OEM options for used trucks without current warranty or extended coverage. Plan terms include 1 year/125,000 miles or 2 years/250,000 miles.

## WHY IS IT VALUABLE?

Until now, fleets and owner-operators with expired warranties had to resort to less reliable, non-OEM warranty providers. Many simply go without coverage. With Extended OPTIMUM, you can now get the peace of mind that comes with DTNA service coverage comparable to the truck's original base warranty.

## WHAT PACKAGES ARE OFFERED?

- **FOR DETROIT ENGINE:** Basic, Enhanced, Ultimate
  - **FOR CHASSIS:** Basic
  - **BUNDLED:** Detroit Engine & Chassis
  - **STANDALONE COVERAGES:** Chassis ATS/DEF | Towing | DT12 Transmission + Detroit Front/Rear Axles\*
- \*Coverage for the DT12 Transmission + Detroit Axles are not sold separately.

## HOW DO TRUCKS QUALIFY?

- **ENGINE COVERAGE:** For DD13®, DD15®, and DD16® engines only. The engine must be in its original chassis and must match the vocation on the original vehicle product registration.
- **TRUCK CHASSIS COVERAGE:** Freightliner and Western Star truck chassis eligible only. Excludes extreme duty (logging, refuse, oil, and mining).
- **ALL COVERAGES:** Unit does not have active base warranty or extended coverage. Coverage must be purchased at a Freightliner or Western Star dealer. An Inspect and Repair form is required for all Extended OPTIMUM purchases and is valid for 30 days from inspection and/or repair date. Extended OPTIMUM coverage expires based on the time/duration purchased or once the vehicle reaches 7 years or 750,000 miles/1,207,500 km, whichever occurs first. Coverage begins on the contract purchase date. Mileage purchased is in addition to current odometer reading.
